

Perform CPR

Course Overview

This course provides participants with the skills and knowledge required to perform Cardiopulmonary Resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

Recommended For

This course is recommended for any person wanting to confidently perform CPR in emergency situations. The course is a minimum requirement for employees working in many industries, including mining, oil & gas and health.

The course is highly valuable for anyone, especially parents, as the practical skills and knowledge learned from training can ultimately save a person's life.

Learning Arrangements

3.5 hours

All participants are provided with professional support and advice from one of our expert Facilitators.

Course Cost

\$75.00 (inc. GST) per person.

Course Recognition

This course meets the national training requirement for unit 'HLT CPR201A Perform CPR'. On successful completion of this course participants will receive a nationally recognised Statement of Attainment.

CPR training must be undertaken at least every year to remain current.

Enquiries and Enrolments

If you have any questions regarding the course please contact our customer support staff. Information can be provided by email or post, or you can visit our Training Centre and speak to one of our staff.
